

A Course by Carles Marsal

POSTER CREATION

Here are the images that I suggest you use to complete this task.

The background image is a composite of two scenes. The foreground scene shows a woman with long dark hair and round glasses looking at a laptop screen. She is holding a pair of glasses in her hands, and a glowing network diagram is visible on the screen. The background scene shows a hand holding a pen and writing on a notepad. The entire image is overlaid with a semi-transparent orange filter.
